**Improving Pedestrian Safety at Charles Drew University**

A few years ago, construction was completed on a parking structure on the north side of 118<sup>th</sup> Street, directly across from the Charles Drew University (CDU) campus in Willowbrook. However, CDU has brought to our attention that there are potential traffic hazards for students, staff and faculty when crossing the 118<sup>th</sup> Street between the parking structure and the campus. In order to address these concerns and enhance pedestrian safety, a mid-block cross walk should be installed.

The County of Los Angeles Board of Supervisors, pursuant to section 21106(a) of the California Vehicle Code and Chapter 15.52.10 of the Los Angeles County Code, may establish a crosswalk between intersections by resolution.

**I THEREFORE MOVE THAT THE BOARD OF SUPERVISORS:**

Adopt the enclosed resolution that establishes a crosswalk on 118<sup>th</sup> Street between the intersections of Compton Avenue and Holmes Avenue, in the vicinity of Charles Drew University, and direct the Director of Public Works to install all appropriate signs, markings, and other appurtenances that may be necessary by July 31, 2013 and report back to the Board of Supervisors to confirm that all work has been completed.
